

# CS6532: INTERNSHIP IN CYBERSECURITY

---

**Effective Term**

Semester A 2026/27

## Part I Course Overview

**Course Title**

Internship in Cybersecurity

**Subject Code**

CS - Computer Science

**Course Number**

6532

**Academic Unit**

Computer Science (CS)

**College/School**

College of Computing (CC)

**Course Duration**

Non-standard Duration

**Other Course Duration**

One Semester (Students must complete a minimum of 61 calendar days of full-time employment (approximately 40 hours/week) during the Summer Term)

**Credit Units**

3

**Level**

P5, P6 - Postgraduate Degree

**Medium of Instruction**

English

**Medium of Assessment**

English

**Prerequisites**

Students should have completed at least 22 credit units (including all required courses) for the MSc Cybersecurity programme

**Precursors**

Nil

**Equivalent Courses**

Nil

**Exclusive Courses**

CS6531 Project in Cybersecurity

## Part II Course Details

### Abstract

The course aims to provide students with the opportunity to experience a real cybersecurity-oriented working environment, either in Hong Kong or overseas; to relate concepts and principles learned from different subject areas to real-world practice; and to apply methods, tools, and techniques from cybersecurity-related disciplines of the programme.

### Course Intended Learning Outcomes (CILOs)

| CILOs |                                                                                                                                                                                                                                                                     | Weighting (if app.) | DEC-A1 | DEC-A2 | DEC-A3 |
|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|--------|--------|--------|
| 1     | Develop a range of communication skills for different audiences (e.g. peer, client, manager or employer).<br>Appreciate the role and functioning of IT in a business organization through observation of its operations and discovering the practice and standards. | 25                  | x      |        |        |
| 2     | Demonstrate and work competently in skill-oriented aspect of the programme.                                                                                                                                                                                         | 17                  |        | x      |        |
| 3     | Demonstrate and work effectively, independently and professionally.                                                                                                                                                                                                 | 30                  |        | x      |        |
| 4     | Demonstrate, collaborate and function effectively with IT and non-IT personnel.                                                                                                                                                                                     | 12                  |        | x      |        |
| 5     | Propose solution for problems through independent investigation.                                                                                                                                                                                                    | 16                  | x      |        |        |

#### A1: Attitude

Develop an attitude of discovery/innovation/creativity, as demonstrated by students possessing a strong sense of curiosity, asking questions actively, challenging assumptions or engaging in inquiry together with teachers.

#### A2: Ability

Develop the ability/skill needed to discover/innovate/create, as demonstrated by students possessing critical thinking skills to assess ideas, acquiring research skills, synthesizing knowledge across disciplines or applying academic knowledge to real-life problems.

#### A3: Accomplishments

Demonstrate accomplishment of discovery/innovation/creativity through producing /constructing creative works/new artefacts, effective solutions to real-life problems or new processes.

### Learning and Teaching Activities (LTAs)

| LTAs |                              | Brief Description                                                                                  | CILO No.      | Hours/week (if applicable) |
|------|------------------------------|----------------------------------------------------------------------------------------------------|---------------|----------------------------|
| 1    | Professional Work Experience | Student will engage in actual internship work, supervision and feedback from workplace supervisor. | 1, 2, 3, 4, 5 |                            |

### Assessment Tasks / Activities (ATs)

| ATs |                                                               | CILO No.      | Weighting (%) | Remarks ("- for nil entry)                                                                                                                                                                   | Allow Use of GenAI? |
|-----|---------------------------------------------------------------|---------------|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|
| 1   | Employment Certificate and Feedback from Workplace Supervisor | 1, 2, 3, 4, 5 | 100           | Employment certificate serves as evidence that the student has completed a minimum of 61 calendar days of full-time employment (approximately 40 hours/ week) in a professional environment. | Yes                 |

**Continuous Assessment (%)**

100

**Assessment Rubrics (AR)****Assessment Task**

Employment certificate and feedback from workplace supervisor

**Criterion**

1. ABILITY to DEMONSTRATE completion of the required internship duration.
2. ABILITY to DEMONSTRATE professional conduct and performance in the workplace.
3. ABILITY to MEET internship objectives and learning outcomes.

**Pass (P)**

Satisfactorily attaining the specified criteria

**Failure (F)**

Not even reaching marginal levels

## Part III Other Information

**Keyword Syllabus**

Nil

**Reading List****Compulsory Readings**

| Title |     |
|-------|-----|
| 1     | Nil |

**Additional Readings**

| Title |     |
|-------|-----|
